II. BACKGROUND

The current Annual SOE Liquidation Report refers to the period of 1 January 2023 through and including 31 December 2023 as required pursuant to Section 17.1 of the SCC to Contract No. 239-18-9399-2-1-1, as entered into between the Privatization Agency of Kosovo (“PAK”) and the consortium of Curtis, Mallet-Prevost, Colt & Mosle LLP, Grant Thornton Consulting Doo and Grant Thornton LLC (the “Consortium”) in connection with the liquidation process for SOEs/Assets under PAK administration.

In accordance with Article 17 of the Annex of the PAK Law, this Annual SOE Liquidation Report provides the following information: (i) issues and challenges facing completing the liquidation process; (ii) list of properties sold; and (iii) list of cash receipts and payments. All information have been provided for the aforesaid period of 1 January 2023 through and including 31 December 2023.

Please note that all the financial information contained herein has been collected in coordination with the Department of Finance and Budget of PAK.

III. PROCESS OF LIQUIDATION/ACTION/INFORMATION

The purpose of this section is to highlight certain issues that the Liquidation Authorities (the “LAs”) believe might potentially constitute challenges to efficiently complete the liquidation process. The LAs note the following with the aim of bringing such issues to PAK’s attention so that they may be considered, discussed and addressed in the best interest of the successful completion of the project.

A. Disposal of assets

A.1 Assets abroad

One of the factors that will likely prevent the LAs from successfully accomplishing the liquidation process of the SOEs is the handling of assets abroad.

The impossibility to sell or dispose of certain assets located abroad due to different reasons, such as, for instance, decisions of the public authorities of the place where the assets are located, issues concerning the occupation of such assets, difficulty in accessing the assets’ premises located abroad, may constitute a major obstacle to an efficient conclusion of the liquidation process.

A.2 Asset expropriations

It is the understanding of the LAs that asset expropriations within Kosovo are not handled by PAK, but by other administrative bodies. Thus, the LAs have no control over how these issues are addressed. For the sake of an efficient and timely liquidation process, it is important that expropriation procedures and any potential issues and claims thereof be timely dealt with by the respective administrative entities.

It is also crucial that all possible claims be timely raised in connection with the expropriation procedures. At this time, the LAs are not in the position to make any reasonable forecast regarding the number or complexity of expropriation procedures or the time that the Expropriating Authorities will need to finalize them. This is another factor that can potentially delay the liquidation process.

A.3 Cadastral issues

Another obstacle to the efficient sale of SOE assets is certain cadastral issues, mainly arising from the gaps in the cadastral data and the ability to retrieve such data from neighboring countries. Among the possible consequences of these issues is the difficulty in determining the actual owner of a parcel of land and/or such property’s actual boundaries. These obstacles may have a negative impact on the liquidation process, since, without such issues being resolved, it is difficult for the LAs to approve any disposal of the interested assets.

B. Information and documents from the SCSCK

Prior to the closure of a SOE in liquidation, confirmation that there are no pending cases with respect to such SOE is required from the SCSCK. The lack of information regarding the status of pending cases may cause potential delays on the closure of SOEs.

In addition, the flow of decisions the LAs receive from the SCSCK is not consistent from day to day. The LAs are prepared to deal efficiently with the incoming decisions as necessary, notwithstanding the fluctuations in their receipt.

The goal of accomplishing a successful liquidation will also depend largely on the timing of final decisions on claims by the SCSCK. Possible delays in resolving the claims will inevitably cause delays in closing liquidations, another obstacle that is outside the control of the LAs.

Notwithstanding the above considerations, the PSP will endeavor to perform services in the most efficient way as possible, and look to discuss any of these issues as needed with PAK.

C. Decisions pending before the Basic Courts

The PSP has been informed that several cases concerning unpaid rent and other accounts receivable in favor of the LAs are currently pending before Basic Courts of the Republic of Kosovo. The likelihood of such cases taking several years to be decided upon can constitute an obstacle to the closure of the related liquidations, particularly in those liquidations where allowed creditors' claims cannot be satisfied in full. However, whenever liquidation funds are sufficient to fully satisfy allowed creditors' claims, excess proceeds would be distributed to the Government.

D. Delays in gathering information from the SCSCK

During the period of 1 January 2023 through and including 31 December 2023, the PSP has experienced some significant delays in receiving information from the SCSCK. This circumstance is an external factor that has slowed down the activities of gathering and processing documents and information necessary for the assessment of claims and distribution analysis, which, if this will be the case, may have an impact on the PSP's work effectiveness.

E. Activities of the 2023 Liquidation Process

During the period of 1 January 2023 through and including 31 December 2023, the PSP members appointed as Liquidation Authorities dealt with numerous requests submitted by the case officers of the various SOEs. The PSP evaluated such requests, providing the case officers with the related answers.

In particular, the PSP assisted the Case Officers with: (i) **87** lease contracts; (ii) **298** memos for payment of service providers; (iii) **217** memos for payment of utilities; (iv) **176** contract extensions for services providers; (v) **1,857** contract extensions/termination; (vi) **34** memos for payment of services; (vii) **4** memos for the payment of rent of SOEs' premises; (viii) **664** letter/memos of miscellaneous content; (ix) **35** authorization forms for hearing attendance; (x) providing of **120** legal advices to case officers; (xi) **31** proposals for execution; (xii) **11** responses on objection on enforcement procedures; (xiii) **30** participation on Court hearings; (xiv) **28** indictments; (xv) **8** property tax documents; (xvi) **30** appeals in Basic Courts/other administrative bodies; (xvii) **7** criminal charges; (xviii) **15** requests for direct negotiations; (xix) **16** documents for payment of VAT; and (xx) **1** contract for cadastral measurements.
